Building a Strong Community

Howe, a community over 100 years old, was founded in 1884 and named in honor of Colonel Howe. First known as a small railroad community called Summit, Howe has continued to grow into the strong community we have today.

The Howe Independent School District was formed in the early 1900's. In 1938, with federal aid, a brick school building was built. Since then the Howe School System has continued to grow. The Howe IDS is currently experiencing more expansion due to a two million dollar construction program made possible by the people of Howe.

The community of Howe has always been interested in the schools by supporting the teams, helping with the Fall Festival, and supporting the school activities and organizations.

People, pride, and dedication continue to make Howe the best school, town, and community.

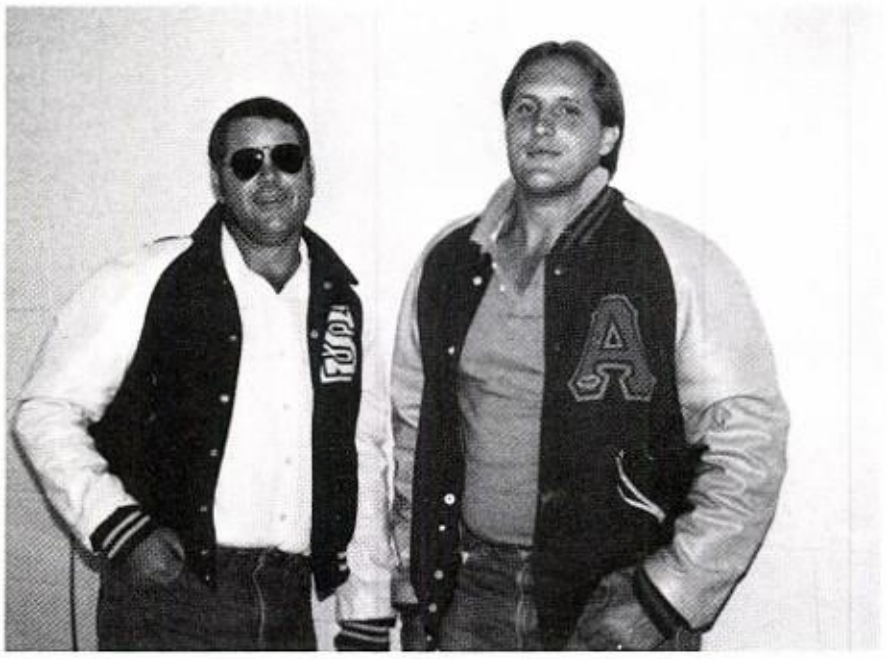
Building School Spirit

James Utley's true personality comes out on Nerd Day!

Patty Coonrod dresses like a beach bum.

Homecoming week was one of the most unique, spirit-filled times at H.H.S. Students and faculty alike displayed their school spirit and creativity as well as boosting the morale of our Varsity football team.

To get Homecoming week off the ground, the Student Council organized a variety of themes for each day. Monday: "Sock it to the Eagles" day. The student body wore a variety of brightly colored socks. Tuesday: "Dress like the Eagles" day brought out the "nerd" in everyone. Wednesday: "Send the Eagles back in time." On 50's day, everyone dressed in poodle skirts, bobby socks, white T-shirts, and cool sunglasses. Thursday: "Black out the Eagles" day saw students wearing their school colors with pride. Friday: "Beach the Eagles" day. Everyone wore their Jams and Hawaiian print shorts. The Friday afternoon pep rally brought the entire school's enthusiasm together as we all joined in for the school song and helped the cheerleaders cheer for the football team. The Homecoming Queen, Melanie Power, and her court were presented and crowned. Then the moment everyone was waiting for: The Homecoming Game! The final score HOWE BULLDOGS 16 and the VALLEYVIEW EAGLES 0!!!



James Utley, Adam Coffey, and Bryan Rogers show their "macho" image!

Building For The Future

The Howe School District has been busy for over a year with the building and remodeling of the facilities. The bond issue, passed October 10, 1984, has made all of these improvements possible. In January, 1985, the bonds sold which allowed construction to start on April nineteenth.

The work started with the construction of the new parking lot and the rebuilding of the gym. Two new classrooms and a library were added to the middle school. Renovations were also made in their gym. Eight new classrooms were added to the elementary. A new playground was made, and equipment provided by the P.T.A. was installed.

Other improvements provided by the bond issue include new furniture, improvements on existing building, new bathrooms in the ag building, and new roads for buses to load and unload. Our school system is continually improving, with new renovations, additions and support from the community. The Howe School System will always remain an excellent place to learn and grow.

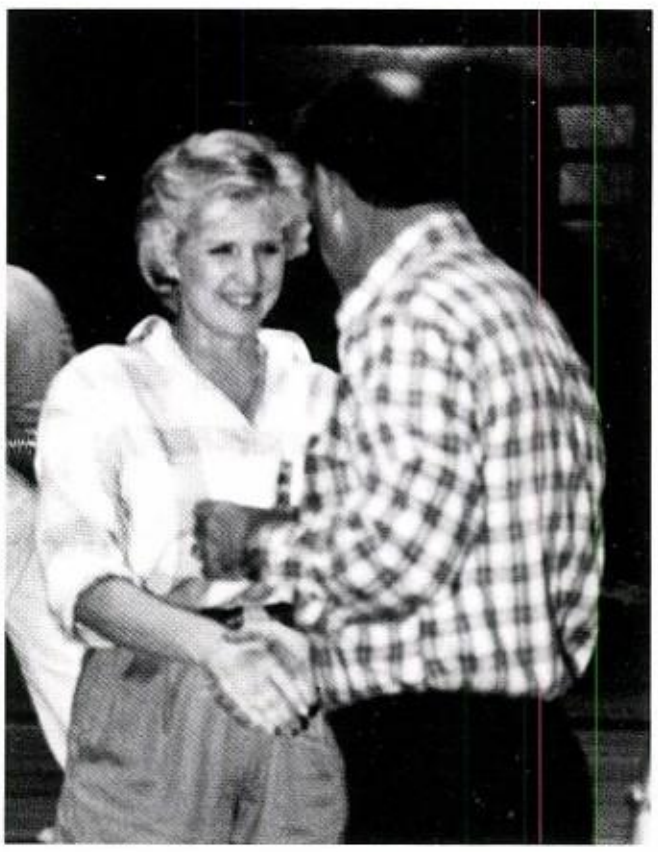
School board members are introduced to faculty and parents at the beginning of the school year.



Carolyn Cavender greets parents and teachers at a dinner.

Dear Faculty and Students,

It is certainly a privilege for me to address you from the pages of the "Sportlight." This year has certainly been one to remember. "Building a perfect year" is certainly an appropriate theme for any Bulldog year. The attempt to achieve perfection is a trait of everyone connected with Howe schools. Our students have this desire introduced at home. Our instructors take this trait and supply the knowledge and inspiration. The end result is a year like this year. We have excelled in curricular and co-curricular activities. The name of Howe school has been carried proudly throughout the county, district, region, and state. Our achievements make us the envy, the example, and the trendsetter for other districts.

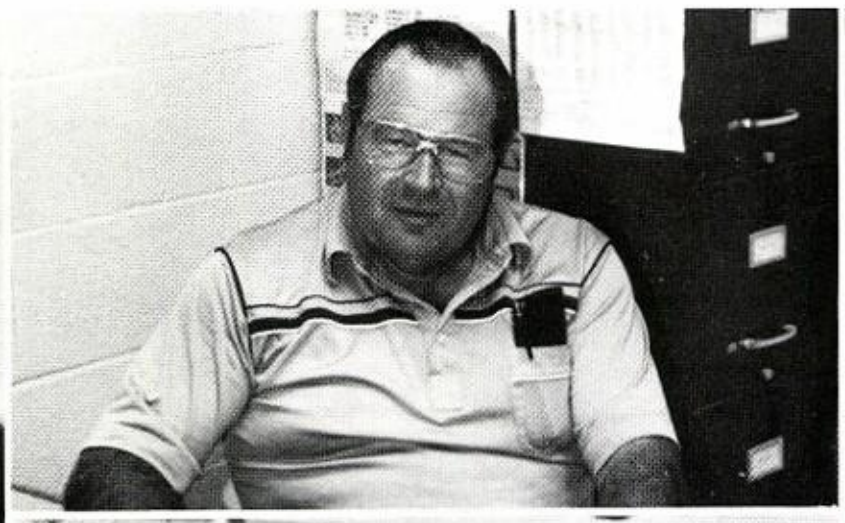
This is also evidenced by the improvement of our facilities. The pride of our community is shown by our beautifully renovated and newly constructed buildings, track, baseball field, and cafetorium.

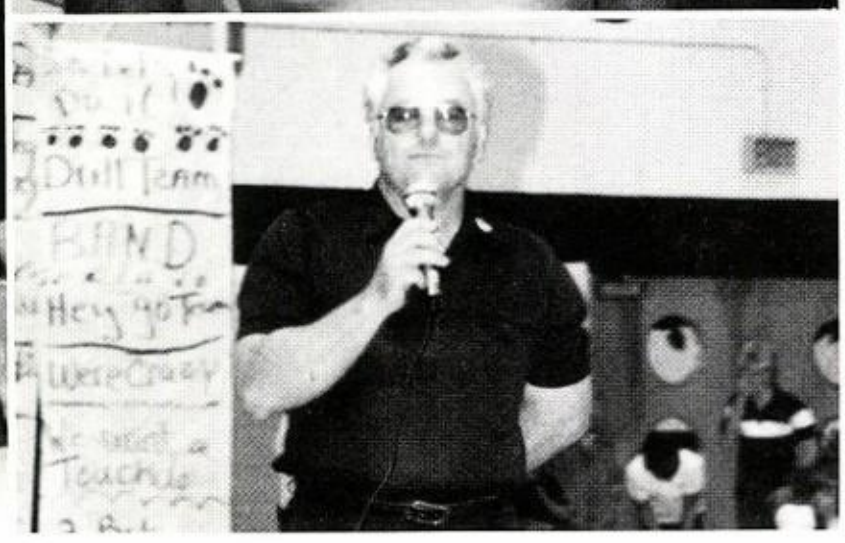
My congratulations to all who have been a part of this year. What a year to remember! To the class of 1986, I extend my best wishes and my warmest congratulations for a job well done.

Sincerely,

Pete Simmons

Pete Simmons, Superintendent





Supportive Staff

Throughout the year, the supportive staff has worked with and around the construction of our new buildings. They have worked many long hours in adverse conditions. The lunchroom staff adapted smoothly to the modifications of their kitchens that were done in order to meet the needs of the new cafetorium. Richard Stracener was on top of all the construction work. Paul Wilson kept the buses finely tuned and the yards in excellent condition. To them we offer a sincere "thank-you" for helping to maintain our fine schools.

Elementary School Principal

To The Elementary Students:

The 1985-86 school year will always provide special memories for me. Not only has this been my first assignment as principal, but it has also been a year of exciting improvements in Howe I.S.D.

Each of you has experienced many changes this year in order to bring about these improvements. As we look around our building, we can see that it was well worth our efforts. I admire you for continuing with your school work even while construction was going on all around you and for continuing to have a positive, cheerful attitude.

You fifth graders must be commended for your willingness to return to the elementary building in December. You have been an asset to our school.

I am extremely proud of you and our school system. Please share this pride and carry it into the community. Let everyone know that Howe I.S.D. is a special place that encourages personal growth and academic achievement. You are a wonderful example of our success; you are Howe I.S.D.

Middle School Principal

At the start of school in September, students returned to find improvements and additions being made to the Middle School building itself. By the end of the year, they could proudly boast of new dressing rooms, a refurbished gym, new office facilities, a new computer literacy room, a new learning resource center, and a new band hall.

Likewise, from the beginning of the year HMS students began their own "building" and continued until the end of the year. They built on the tradition that, over many years, has become HMS. The foundation of their efforts consisted of Pride, as shown by their achievements in academics and extra-curricular activities; their Loyalty to HMS and to each other; and their Teamwork and Caring, as shown by their helping and supporting each other. With such a foundation, the "building of a perfect year" became more evident as the day-by-day progress continued.

In all sincerity, we who will remain here at HMS next year, say thank you to our Eighth Grade Class, who have contributed so much through the past years to our building. We will carry on with enthusiasm in our attempts next year to "build another perfect year" in the tradition that is HMS.

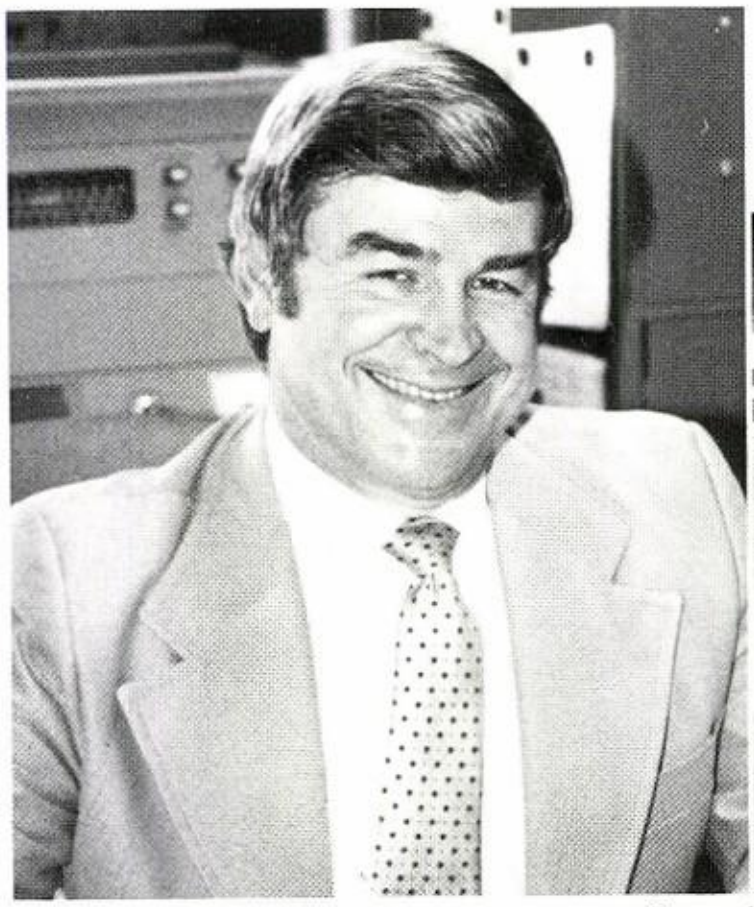
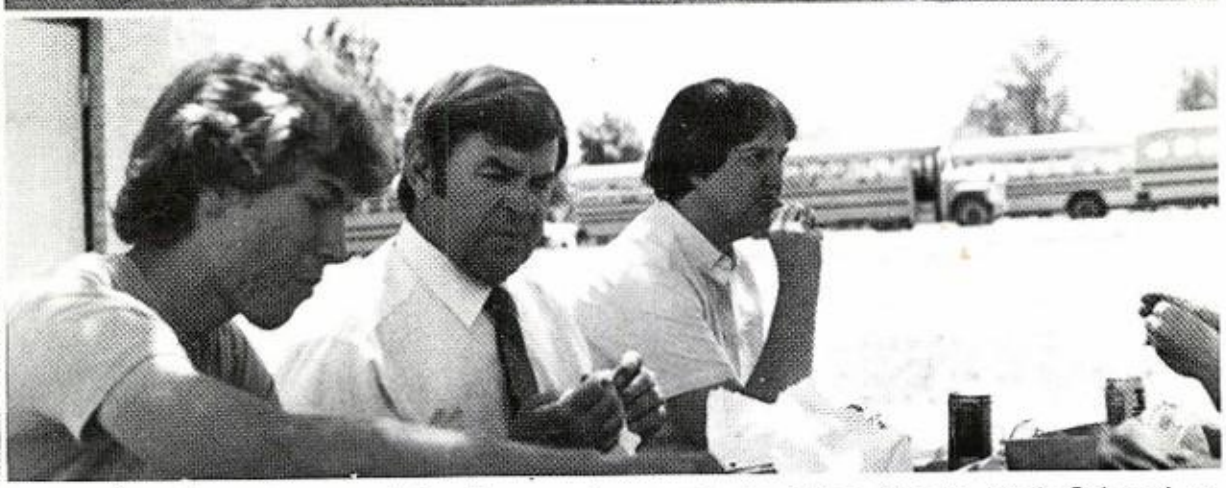
BULLDOGS
HOWE





Building a Perfect Year is an excellent theme for the 1985-86 school year. Not only have we completed a two million dollar building program but we have also implemented one of the most intensive series of educational changes that has ever occurred in the schools of Texas. Construction, improvement, growth, and change has been the challenge for the students of Howe Independent School District.

The teachers and students of Howe High School accepted the challenge, and as the buildings grew by construction, the academic, extra-curricular and vocational programs also grew in scope and success. Our achievements in academics, drama, drill team, athletics, band, citizenship, interscholastic league, and vocational competition have demonstrated the Howe High School attitude of commitment to excellence in all areas.

As I watched the graduating class of 1986 cross the stage to receive their diplomas, I felt a sense of pride in knowing that this was a beginning or continuation and not an end to "Building a Perfect Year."

Many thanks to the teachers, staff, parents, and students for a successful school year.

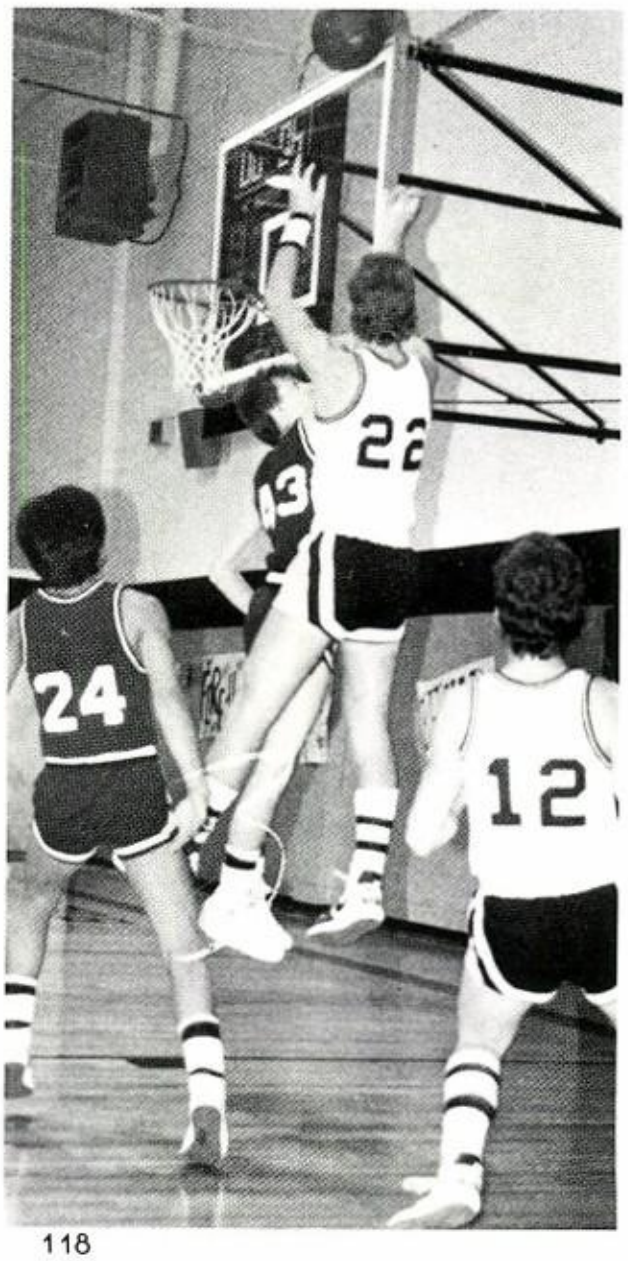
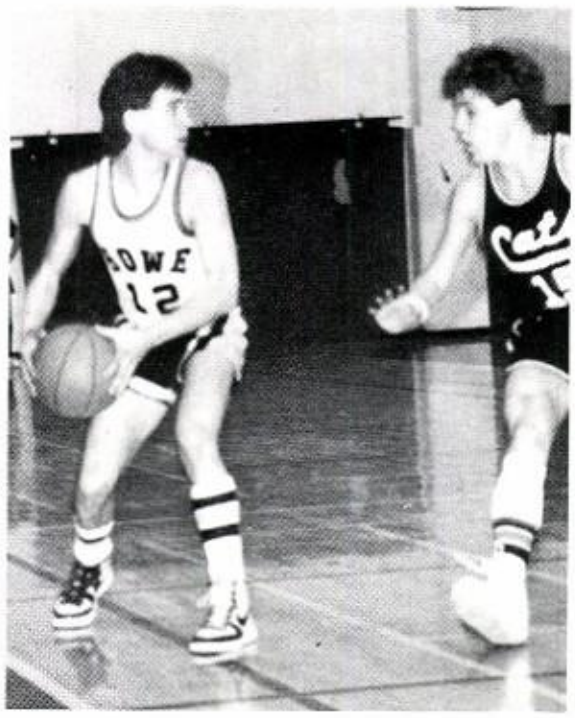
ALL DISTRICT BASKETBALL — Jame Simmons, Mark Wheeler, Rod Hawkins, Andreas Liss.





Sponsored by Medder's Sports Center

Under the direction of new head basketball coach John Burkhart, the boys basketball team entered the state playoffs for the first time since 1970. The season began with a slow start because of the extended football season. The Dogs were 1-3 in District play when they turned the season around. They won six consecutive games and tied Tom Bean for second. The Dogs won in overtime against the Tomcats and advanced to Bi-District where they were defeated by Delmar-West Lamar. The Bulldog team would like to thank Coach Burkhart for an unforgettable season.
